

SNC-Lavalin Group is one of the leading engineering and construction firms in the world, and a key player in the ownership and management of infrastructure. We are looking for innovative, motivated candidates to join our team.

With more than 21,000 employees worldwide, SNC-Lavalin Group provides engineering, procurement, project management, construction and project financing for all main business sectors in both the domestic and international markets.

BAE-Newplan Group Limited, a wholly owned subsidiary of the SNC-Lavalin Group, is a multidisciplinary engineering consulting company providing services throughout Atlantic Canada and around the world. We have opportunities in Newfoundland & Labrador for the following:

#### **LEED ACCREDITED PROFESSIONAL (AP)**

Minimum required qualifications and skills: Bachelor of Architecture, Engineering or Environmental Science with a minimum of four (4) years of professional practice experience in the building industry, complete with a general understanding of high performance green building design, construction or operation specifically regarding energy analysis, indoor air quality and material selections, excellent written and oral communication skills.

#### **SPECIFICATION WRITER**

Minimum required qualifications: Architectural Technologist or CET with a minimum of five (5) years of professional practice experience in the building industry. The candidate must have a technical understanding of and experience with contract documents for new constructions and major renovations of existing buildings complete with an understanding of IT hardware and software systems and excellent writing skills.

#### **ARCHITECTURAL DESIGNER/CADD TECHNICIAN**

The successful candidate will be an Architectural Technologist, Graduate Architect, or similarly-skilled individual with excellent AutoCAD, communication, organizational, and project management skills, with a minimum three (3) years of technical experience with construction drawings in a Canadian architectural office. Additional assets would be LEED accreditation, or an interest in green building practice, and a working knowledge of Revit Architecture, familiarity with Adobe Creative Suite, SketchUp, and Microsoft Office.

SNC-Lavalin offers a competitive compensation and benefits package. We are looking for innovative, forward-thinking people who enjoy a challenge and actively seek to develop and improve work processes.

We thank all applicants for their interest; however, only those selected for an interview will be contacted. Please submit resumes to the following address:

Human Resources, SNC-Lavalin Inc.  
1133 Topsail Road, Mount Pearl, NL A1N 5G2  
Fax: 709-368-5410  
e-mail: NLRecruit@snclavalin.com .

SNC-Lavalin is an equal-opportunity employer.
