Building Equality in Architecture Atlantic, along with the Newfoundland and Labrador Association of Architects, is pleased to present CITY DREAMERS - a documentary film by Joseph Hillel. Acting as the official launch to the BEAA-NL chapter, this event invites all interested persons to come take part in viewing this film brought to you by the APALA.

Join us in celebrating the extensive accomplishments of Phyllis Lambert, Blanche Lemco van Ginkel, Cornelia Hahn Oberlander & Denise Scott Brown; four trailblazers of architecture, urban planning and landscape architecture, while also participating in the initiative event for the Building Equality in Architecture Newfoundland and Labrador Chapter.

Through original interviews, archival material and stunning cinematography this film uncovers how strong these independent thinkers have shaped the cities we live and work in.
